MOUNT DE ORO YIELDS NICE CLEANUP IN TEST

* Riley Self was in town Saturday from Woodleaf with 30 ounces of fine looking gold as the result of a forty ton test mill run at the Mount De Oro property which he and Dan McGonigal of Downieville have under bond. Self was highly enthusiastic over the showing so far made at the property. The value of the cleanup is around $500 and was from the plates in free gold.

A concentrator is to be installed in the mill and will recover at least $3 a ton. The ore in the face of the drift is averaging three feet in width and shows excellent values. The work is all done through tunnel and several thousand ons of ore are already in sight. The property is equipped with a new five stamp mill.

BIG STRIKE MADE IN CITY OF SIX

A fine strike of specimen rock was picked up from the drift being run at the City of Six mine near Downieville the past week, which has all the earmarks of a real find. The ledge at the point of strike is ten feet wide and the quartz is literally shot with large chunks of the pure yellow stuff. A. E. Hodgkinson, one of the owners, who is superintending the operations states that the extent of the strike has not been determined although everything points to a fine bunch of ore of the high grade variety.

ARCHIBALD GETS PROPERTIES OF WESTERN MINES

Failure of Western Mines Consolidated, to come forward with any cash to redeem the properties under foreclosure resulted in Court Commissioner Arthur W. Hoge at ten o'clock Tuesday morning in declaring title to the Banner Mountain, Central Consolidated and Norambague mining properties finally vested in A. R. Archibald and associates following the completion of the year redemption period permitted by law.

An eleventh hour attempt to have the title revert to the Wesern Mines is seen in the filing of a suit Tuesday afternoon by a reputed stockholder of the Banner Mountain interests declared void. Judgment in favor of Archibald, who sued to foreclose a mortgage by Dow and associates in the sum of $55,000 was rendered by Superior Judge Raglan Tuttle, about a yaer ago.

Testimony at that time showed that Dow had renewed a note in the amount of $55,000 and had failed to make payments thereon as called for according to the evidence and Archibald to whom the note and mortgage had been assigned, called for payment which was not forthcoming. The Western Mines has never gotten to the point of becoming an operating company.

It is sincerely to be hoped that an end of litigation and stock selling activities will shortly result in the properties in question coming again into active operations after a long period of quietude. Some time since Gordon M. Bettles took over the Champion group north of Deer creek under bond and option from the North Star interests, owners of the properties which had been bonded by the Western Mines interests but on which payments were understood to have been in default.

W. E. Wright has appeared as attorney for the Archibald interests.

GRAY EAGLE BEING OPENED BY BETTLES

The Gray Eagle mine east of Downieville is being reopened by Gordon M. Bettles, general manager of the Yellow Tiger Consolidated Mining Company, on company account. The property was thoroughly sampled last year by Mr. Bettles but owing to the refractory condition of the ore the work of opening up the mine was not pushed until satisfactory metallurgical conditions were arranged. The drift on the ledge is being pushed ahead by a crew to open up the shoot and block out sufficient ore to make a good sized mill run and determine future development work. The property is owned by D. F. Sullivan and is under bond and lease to the Yellow Tiger interests.

MRS. ANNA ST. CLAIR IS VICTIM OF PNEUMONIA

PIKE CITY, July 1 (Special to The Nugget)—Mrs. Anna St. Clair, well known resiben of this section for many yearhs, passed away yesterday morning at 8 o'clock from an attack of pneumonia. She was a native of Canada and was past 66 years of age. Two daughters, Mrs. Ruby Simpson of Worcester, Massachusetts, and Mrs. Polly Chatfeild of this place survive, as also two sisters and two brothers.

For a number of years the St. Clairs operated the Mt. Alta mine near Sleighville House.

Funeral services will be held this Tuesday afternoon from this place.

Samuel Bawden of Grass Valley reports Los Angeles capitalists having bonded a number of properties in hat section with a view to early development.

Miss Elaine Mobley is in Berkeley where she is attending the summer session at U. C.

W. P. Miller was injured in the autemobile eaccident near Lodi.

Mr. and Mrs. J. J. Jackson went to Colfax yesterday to meet Congressman and Mrs. Harry L. Engelbright and son Jackson.

WORK BEGINNING YELLOW JACKET AT ALLEGHANY

Development work is to be commenced on the Yellow Jacket property at Alleghany at once under the direction of Superintendent B. A. Reber of the Alleghany El Dorado Company, owners of the property. The plates have been installed in the mill which will be started at once on a good tonnage of ore already blockd out. Drifting will be carried on to open up the rich ore shoots already exposed in the workings.

Charles E. Trezona who has been arranging the financing of the company's operations was in town from Los Angeles Thursday on his way home from a trip to the property and expressed himself as highly pleased at the prospects for making a large producer out of the Yellow Jacket. He took up a great deal of the company's indebtedness while here and reports that he has ample finances to open up the property on a large scale.

The Alleghany El Dorado interests have made an outright purchase of the Gillespie interests which include around a mile on the ledge system and take in the Yellow Jacket, Colorado, Colorado Extension, Osceola, and Osceola Fraction claimns, giving ample territory to conduct operations.

The company has relinquished its control of the El Dorado property after spending a large sum of money on the property and will devote its entire attention to developing the Yellow Jacket. Its operations will be watched with a great deal of interest for the company has large promise of high production. The property is excellently equipped.

MINING CAPITALISTS ON VISIT HOGE PROPERTIES

Charles L. alther, chairman of the board of directors of the Hoge Delopmnet Company, accompanied by his friends, Dr. Joseph Stybr and Mr. McKay of Pittsburg, Pa., are her on a visit, and a tour of inspection of the properties in which they are inteerested. Mr. Walther who is also president of the Penn California Mining Company, and the largest individual stockholder in the same, has been here on numerous occasions in the past, and enjoys a large personal acquaintance.

This however is the frst visit to this section of Messr. Stybr and McKay, bu it is to be hoped that they shall be so favorably impressed with our climate and our possibilities of profitable mining development, that they too shall come to see us often.

The properties that are owned and controlled by the Hoge Developmnet Company have great possiblities for the development of one of the largest producing mines in this section. High grade ore at or near the surface where the geological conditions are favorable, are always indicative of deep seated and valuable ore bodies. The prospecting work that has been done by Hoge and his associates has shown that while they are in a broken up country, on acocunt of bing so near the surface, that they have a strong fissure vein system along the line of the granite and sla econtact. They have also demonstrated the fact that in this broken up country, there are high grade bunches of ore of much more than ordinary value, and it has often been proven that when such conditions are found, that a reasonably dee pdevelopment always brings forth a good producer. This is especially true when the operating ocmpany has an ample acreage and an efficient and economical managemen.

The publisher feels and believes that the Hoge Development Company has all the necessary essentials for the development of an enormous producer and that when they sink their main shaft to a depth of two hundred to four hundrred feet, and get below the broken, shattered country, that they shal find an abundance of rich ore, and a steady and proftable production.

ANCHO SHIPS A CAR CONCENTRATES SMELTER

A carload of concentrates was shipped out the past week by the Yellow Tiger Consolidated Mining Company from the Ancho property to the Selby smelter. It was the holdover from the last cleanup. Development work at the property has been largely suspended owing to the lack of power facilities to operate the property economically. The water supply ran short recently to operate the power plant, and the irrigation district failing to supply any water to the North Bloomfield ditch this season has meant the virtual closing of this property until the power situation can be remedied.

SIXTEEN TO ONE CUTS MAIN LEDGE IN SHAFT

The main ledge has been cut in the bottom of the Tightner shaft owned by the Sixteen to One Company at Alleghany and is said to be showing high grade values all through it. The recent strike made on the 2700 level is said to have been off the main ledge but more recent work has established contact with the main ledge which proves the existence of bonanza ore at considerable depth in the Alleghany district.

The company encountered considerable water at the time of making the strike some weeks ago which was too much for the ejector to handle and drifting and crosscutting was done.

With work due to get under way with the Yellow Jacket and Morning Glory at once and the commencement of operations on the Bald Mountain and South Fork properties at Forest, the Alleghany district is gradually coming back into its own and the next year or two should see large time operations that will restore this high grade camp to something of its former greatness.

GRASS VALLEY FOURTH JULY PLANS PROGRESS

Single and double jack rock drilling, as characteristic to a mining community as "Cornish rasslin", will feature the afternoon sport program of this community's Fourth of July celebration. Entries are being received by the commitee daily for the gold cash prize competition.

Just as the rock drilling will head line the afternoon attraction, the juvenile parade of three divisions, with three bands, the American Legion, Fire Department and Boy Scouts will be the morning attraction at 10:30 o'clock. Seth Millington of Colusa will deliver the Fourth of July oration and Elmer Stevens, honor student at the Sacramento Junior College will give the Declaration of Independence. Male quartets and community singing will conclude the patriotic exercises at noon.

Traffic converging on Grass Valley from the Yuba Pass, Tahoe Ukiah and Auburn highways will be expedited with the cooperaion of the motor vehicle department. State and local traffic officers will extend every courtesy and advice on parking problems to visitors. Arrangements have been made for outside cars to park well within the city and not far from the line of march of the parade.

Sample ore of the Bearcat mine, to be given away on the afternoon of the Fourth is displayed in the windows of the Chamber of Commerce. Some folks believe that they can detect "colors" in the $15 per ton ore.

CHARLES GENASCI HOME IS SCENE OF PARTY

The Misses Cecelia Genasci, Deynes Foley and Lois Eden were joint hostesses at a most entertaining afternoonof social divertissement Wednesday afternoon at the Charles Genasci country home to a large number of their friends. Bridge was one of the diversions with Lucille Ramsey of Sacramento and Saunders Stephens of Oakland as prize winners. Refreshments were served al fresco in the spacious yard. House decorations were gladiolas and ferns.

BRADLEY SIGNS CONTRACT FOR FOR POWER LINE

Word was officially received by The Nugget Thursday that the contract providing for the extension of the Alleghany power line into the Poorman Creek counry to serve the Spanish mines had been signed by Fred W. Bradley, president of the Spanish Mines Company and the San Francisco Commercial Company, owners of the property.

The Pacific Gas and Electric Company informed this paper that its surveying crew which is now busy between Downieville and Alleghany, will in a few days start the work of surveying from the Irelan mine, present southerly terminus of the Alleghany line, southeast to the Spanish mine, which will serve the German Bar, Twin Sister, Ancho and Gaston properties with a dependable power supply at an early date and make possible mining operations on a much larger scale than has been obtained in the past.

Great credit is due Mr. Bradley for his making possible the building of the new line into the East Belt country which has suffered for years because of the lack of all year power facilities. Mr. Bradley has been conducting development work at the Spanish properties on a large scale for some years and is believed to be ready shortly to start production on a scale commensurate with his widespread operations in other states. His companies have made a large number of filings on likely ground in the vicinity of the Spanish properties.

The building of the new line is expected to be pushed ahead at considerable speed as the water supply is running short for the various properties which would be required to close down in a few weeks. The Gaston has been running full time and could possibly run through the season on its supply but the Twin Sister has water for but a few weeks run and the Ancho has been compelled to cease operations already. The German Bar has been using gas power.

The new line will make possible the opening of a number of other promising properties in the East Belt in the next few years and bring that section to the foreground in fine shape. It will mean renewed growth for both Graniteville and Washington.

TWO KILLED MINE BLAST AT SPANISH

A premature blast killed two miners at the Spanish property at one o'clock Wednesday morning and badly injured a third. James Kellar and Harry Kozick were killed and Fred Butts injured. Superintendent James Bradley rushed Butts to the Nevada City Sanitarium for medical attention. Dr. R. F. Werner met the party on the road and administered first aid and has been in charge of the case. Butts lost an arm and a leg.

The inquest conducted by Coroner Thomas M. Harris did not develop the exact cause of the accident and no trace has been found of any relatives of either victim. A double funeral was held Saturday evening from the Holmes parlors and interment was in Pine Grove cemetery. Rev. H. H. Buckner conducted the services.

OTTO SCHIFFNER SERIOUSLY ILL

Otto E. Schiffner, general manager of the Rescue Eula company operating the Gaston mines, was taken ill yesterday with an attack of typhoid fever and is confined to his home. Dr. R. F. Werner is in attendance.

Jimmie Stephens is in Sacrameno visiting with his brother, Rutherford Stephens.

R. R. Goyne, P. G. Scadden and J. W. O'Neill made a business trip to Quincy.

John Ghidotti and Tony Rore are home fro ma fishing trip to Lake Almanor where John hauled in several big one that he says nearly busted his line. A six pounder and a four pounder were the top notchers.

COZY CORNER CHAT

A CAMPAIGN of securing endorsements for an enlarged publicity program at the taxpayers' expense is now under way in this county. If a number of the enthusiastic endorsers knew that this means an increase in the tax rate they might give a little more mental effort to the problem. Our supervisors have been up against a hard propisition with the large decrease in assessable property the past few years to make both ends meet. The irrigation district has removed many thousands of dollars worth of property from the tax rolls which must be made up in other directions. Of course with the formation of a district such things are inevitable and this is not to be taken as a criticism of Nevada county having her irrigation district, because when it gets to functioning there should be increased property values to offset the loss in other valuations. The mines have been paying a large portion of the taxes of this county and if the tax rate is to be hoisted they should have some say in the matter and the endorsements so far given the idea of a big advertising fund have not come from the big tax payers. The endorsement of the farm bureau is somwhat of a backfire as the county has been doing about everything it can for the farmers the past few years. The supervisors are to be bombarded with requests for the big fund to be spent. The peculiar thing about the proposed fund is that there has been no budget put out as to how the fund is to be spent. It is to be presumed however that the fund is intended to relieve the business men of this section from private contributions to the support of the organization which cost around $5000 last year as with supporting the chambers of commerce and the many other demands on their pocket books, the business men have been coming to wonder just how many organizations of a public nature they ought to be supporting. The supervisors have been providing a fund of $2000 yearly for promotion purposes and it has provided many thousand pieces of literature in the past to advertise the county and it has served a very useful purpose in its many years of existence. It has more than justified its existence. Passing resolutions is a favorite pastime these days, particularly with the building of railroads into California so probably Nevada county should be in style. Increasing the tax rate is not a pleasant occupation and the supervisors will likely use a little Scotch on the proposition and take the matter under advisement.

THE FORMATION of the proposed state mining association is coming along nicely in its prelimnary work and public announcement will shortly be made. Sufficient funds will be raised to make it a real working organization and state wide in its appeal. The mining department of the Sacramento Chamber of Commerce and its efficient secretary, R. L Kimmel, are to be highly complimented on setting the wheels in motion for such an organization which has been badly needed by the mining industry, particularly at the state legislature. Keep up the good work, Kimmel. We are for you strong. AAW

CAMPTONVILLE PERSONALS

The Camptonville schools joined Friday and journeyed to Oregon Creek bridge on the Pike City road where they enjoyed a picnic and hot dog bake.

The grammar school held commencement exercises Saturday evening at the Masonic Hall, a large crowd of relatives and friends of the school being present. A fine program was presented, Mrs. Agnes Weber Meade, superintendent of schools, presenting the diplomas. Misses Ethel Humphrey, Ada Jaynes and Rose Marie Smart received medals for not missing one day of school. These students graduating from the grammar school and who will continue on to high school at the opening of the new term after the first week in July are: Rose Marie Smart, Gladys Cunningham, Eleanor Turner, James L. Joubert, Edgar Cunningham, William Groves, and Jack Humphrey.

Pelton Mounment

The committee in charge of affairs have plans outlined whereby the Pelton Monument will be completed by the latter part of August, and Saturday afternoon, Augus 31st, has been the date set for the dedication ceremonies. The ceremony will take place at the monument on Saturday afternoon and the Grand Lodge of Free and Accepted Masons of California is to convene here and conduct the ceremony which will be open to the public. This is the first time that such an honor has been bestowed upon an old pioneer inventor in this manner, and the ceremony will be unique and interesting, many distinguished people coming here from a distance to be present. Following the ceremony in the evening, another big benefit dance will be held.

Miss Jessie Smart, high school sophomore, was awarded the history prize of the local branch of the Marysville high school.

The dwelling of Henry Zoorhurst at Freemans Crossing was destroyed by fire Thursday afternoon. The fire started from the stove pipe, and before it was noticed had reached such proportions that it could not be stopped, destroying the house and the out buildings. Forest Ranger Frank W. Meggers, responded to the call, and prevented the fire from spreading to the National Forests. Very little personal effects were saved, and the fire made a total loss to the old mountaineer.

Sheriff George Bynon of Downieville was in town Thursday.

Mrs. R. M. St. Clair of Pike City became suddenly ill with pneumonia Wednesday and is in a serious condition. Dr. Hardie of Allghany is attending her.

L. F. Lorenz motored to town Thursday from his mining property near Snowden Hill.

Miss Frances DeLauney of Alleghany was in town Thursday.

R. E. Miesse, mining man of Nevada City, was in town Monday.

John C. Donnelly who is at the True Grit mine doing assessment work was in town Monday.

SLYE FILES SUIT TO COMPEL PERFORMANCE

Joseph Syle of San Francisco against whom M. J. Brock brought suit last week in superior court to regain possession of the Boundary mine at Grass Valley has filed a cross action in the superior court of San Francisco, which is bristling with charges against Brock. The suit is directed against M. J. Brock, G. H. Croxson, the Grass Valley Mines and 21 Does.

It is charged in the complaint filed that in 1926 Brock agreed to transfer 52,000 shares of the stock of the Grass Valley Boundary Mines Company to the plaintiff and that he would devote his time and energy to the business of developing the property of the company. It is charged that he never conveyed the stock called for in the contract or contributed anything to the cost of developing the properties amounting to many thousands of dollars. That in June 1927 it was mutually agreed that the contract would be abrogated and as a consideration for such abrogation, plaintiff agreed to purchase $52,000 shares of company stock for $52,000. it is alleged in the complaint that the stock was to be ostensibly purchased for $31,200 and that $20,800 was to be denominated as purchase price for two mining claims then located by said Brock. It is further charged that on June 8, 1927, Brock in San Francisco made a written contract agreeing to sell 52,000 shares of stock for $31,200, $10,400 for Claim No. 1, payable $200 monthly, and $10,400 for Claim No. 2, payable August 28, 1930. It is alleged that Brock has accepted such $200 monthly payments including the one for May, 1929. Further that plaintiff tendered payment for the 52,000 shares but that Brock only delivered 10,000 shares and it is charged that he failed, neglected and refused to deliver the balance of the stock contracted for. It is alleged that a stock pool has been made up of 42,000 shares and the same placed in escrow.

The plaintiff prays in the action to have Brock compelled to deliver the said 42,000 shares on payment of $25,200, that said 42,000 shares of stock be declared free of any duties and obligations imposed on it by the alleged pooling arrangement, and that said Brock be enjoined and restrained from encumbering in any way or disposing of said stock or stock certificates.

The complaint is titled as being for specific performance and will be tried in the superior court of San Francisco. W. E. Wright is appearing as attorney for Mr. Brock in the action filed in the local court recently against Mr. Slye.

J. M. McMahon has been retained by the plaintiff's as local counsel.

Mrs. Gove Celio has as guests her father, J. Ruef, and brother, Oscar, of San Jose.

Mr. and Mrs. C. C. Bennetts of Big Tunnel spent Tuesday in Nevada City.

EUREKA TOWNSHIP GRAVELS

A contributor to a paper some years ago, made the following statement regarding the gravels of Eureka township:

"Eureka Township, (I state without fear of contradiction,) has yielded more gold to the number of day's work performed than any oher township on the Pacific Coast. It has yielded and shipped from its rich placers alone, not including the quartz yield between 22 and 24 million dollars, and that too without any other assistance or capital than the energy and muscle of its hardy miners".

The Choice of 512,000 Californians

When more than half a million Californians have made the Bank of America their bank there must be sound reasons for their choice. The stability of this institution, its state-wide scope, its complete facilities, and its background of half a century of constructive banking are reasons often quoted. But just as important is the fact that here they find a real desire to assist them in every possible way — a spirit of helpfulness which is characteristic of this bank which has grown with the West.

The first ten days of July is an especially advantageous time to bring savings here from eastern points. During this period the transfer can be accomplished without loss of interest, as savings deposits made with us to and including July 10 earn interest from July 1.

... Doing business in the SPIRIT OF THE WEST is more than a mere phrase. The Bank of America has grown as California has grown... from early banks serving pioneer communities to a state-wide organization thoroughly meeting the banking needs of the modern commonwealth.

SUMMONS

NO. 5702

In the Superior Court of the State of California, in and for the County of Nevada.

SARAH PRESCOTT, Plaintiff,

vs.

JOHN SENNER, Sr., CHRISTINA SENNER, his wife, JOHN SENNER Jr., FRED SENNER, WILLIAM SENNER, EMMA MALTMAN, ALEXINA C. M. GRISSEL GEORGE A. GRISSEL, her husband, ARTHUR BARTON, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants.

Action brought in the superior court of the State of California, in and for the county of Nevada, and the complaint filed in the office of the clerk of said county of Nevada.

F. T. NILON,
Attorney for Plaintiff.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

John Senner, Sr., Christina Senner, his wife, John Senner, Jr., Fred Senner, William Senner, Emma Maltman, Alexina C. M. Grissel, George A. Grissel, her husband, Arthur Barton, and "also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto," defendants:

You are hereby directed to appear and answer the complaint in the action entitled as above brought against you in the superior court of the state of California, in and for the county of Nevada, within ten (10) days after service on you of this summons if served within this county; or within thirty (30) days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgement for any money or damages demanded in the complaint, as arising upon contract, or he will apply to the court for any other relief demanded in the complaint.

The object of the action is to determine all and every claim, estate, right, title, lien or interest in the real property hereinafter described, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto; to obtain a judgment of this court adjudging and decreeing that plaintiff is now, and has been, by herself and her predecessors in interest, in the actual, exclusive and adverse possession of said real property, continuously for the period of twenty (20) years immediately prior to the filing of the complaint in this action, claiming to own the same in fee as her separate property against the whole world, and that plaintiff by herself and predecessors in interest has paid all taxes of every kind levied or assessed against said real property during the period of five (5) years next preceding the filing of the complaint aforesaid; that plaintiff is the owner and entitled to the possession of said real property, that all claims of said defendants thereto are without right, and the defendants have not, nor has any of them, any right, title, estate, or interest in said real property or any portion thereof.

The real property affected by this action, and hereinbefore referred to is described as follows:

All that certain lot and parcel of and situate in the city of Nevada County of Nevada, State of California, bounded and described as follows, to-wit:

All of the lot numbered three (3) and a portion of the lot numbered twelve (12) of block numbered (12) in said city of Nevada as said lots and block are designated and delineated upon the map of the official survey of said city made by H. S. Bradley in the year 1869, described as follows, to wit:

Beginning at a point on the east line of Main street from which the corner of Main and Church treets bears north 28° 12' west 1.68 feet; thence from a true meridian north 62° 57' east 52.23 feet; hence north 14° 21' west 9.15 feet; hence north 21° 21' east 68.57 feet to the northeast corner at a tone wall on Coyote street, from which the corner of Coyote and Church streets bears north 4° 57' west 80.20 feet; thence south 5° 44' west 51.35 feet along Coyote street; thence south 76° 30' west 13.40 feet along stone wall; thence south 61° 07' west 56.70 feet to Main street from which the northwest corner of Snyder's brick garage bears south 27° 25' east 60.38 feet distant; thence north 29° 49' west 51.10 feet along concrete wall to the place of beginning.

Given under my hand and the seal of said superior court of the state of California, county of Nevada, this 22nd day of December, 1928.

PROMOTION BOARD IS PROPOSING A MERGER

The county promotion board is sending out notices advising that there will be a meeting Monday night of the board at the supervisors chambers in the court house to consider amalgamating with the county development association which has been functioning for many years. The notices also state that the promotion board will meet with the supervisors on Tuesday morning a 10 o'clock to present a resolution calling for the putting in the coming tax budget, the sum of $5000 to be given the promotion board to be spent.

It is presumed that the development association will be invited tonight to cash in as an organization and turn over its assets to the promotion board.

THREE SISTERS IN REUNION

Mrs. May Colvin of Grass Valley entertained at a dinner at her pretty home in that city in honor of her mother, Mrs. Frank Merrill, of Sacramento Thursday. Two sisters of Mrs. Merrill, Mrs. Schwartz and Mrs. Guenther, both of Nevada City, were the other honored guests. It was the first time the three ladies had enjoyd such a visit in some time. Several friends called to visit them for a short time during the afternoon.

Beautiful flowers adorned the prettily appointed table, and rooms adding happiness to the occasion.

These ladies are among the early pioneers of Nevada county, their ages being, Mrs. Guenther 79 years, Mrs. Schwartz 77, and Mrs. Merrill 69 years of age. Pictures were taken of the three sisters by members of the family, which will keep fresh in their minds the happy occasion. All are bright, capable women and have not only done their share in making the world a better place to live, but have a wealth of information of the events of years gone by that they have taken part in and lived through.

Several members of the party suffered injuries and they were taken to a Lodi hospital. Mrs. Johnson is suffering from nervous shock. Details of the accident are lacking.

MISS HELEN CALANAN WEDS PAUL GIBSON

Miss Helen Adele Calanan was wed the past week to Mr. Paul Brier Gibson at Newman Hall rectory on the University of California campus by the Rev. Fr. McGarrity in the presence of the members of the immediate families. Miss Beatrice Ott was bridesmaid and Mr. Joseph Connelly, best man. The bride was charmingly attired in a blue and grey ensemble with a corsage of lilies of the valley and gardenias. Miss Ott wore a flowered georgette.

The bride is one of Nevada City's well loved daughters and is a graduate of the local schools. She is a graduate of the University of California. The groom is a graduate of the Leland Stanford University and is practicing law. Following the honeymoon they will make their home in San Francisco.
